

Polyclad Pro

Tough, durable and low maintenance PVC wall and ceiling cladding, with subtle marbleisation. Welded Polyclad Pro PU creates an impervious, continuous surface which offers no sanctuary to dirt and bacteria and will not shed dust. Developed specifically to meet the advanced requirements of today's medical, science and electronics industries. Polyclad Pro PU is suitable for use in cleanrooms, semi-conductor manufacture, precision machinery manufacture, the pharmaceuticals industry, food processing plants and any area where hygiene is important. It is recommended that Polyclad Pro PU is used in conjunction with the Polyflor range of vinyl floorcoverings.
